operates under authorization, as a degree granting institution through exemption, by the Illinois State Board. Victory Through Holiness Theological Seminary of Independent Colleges and Universities under Section 1005.06 (1) (f), IL Statutes. The state, like other states, does not require accreditation or theological accreditation for our religious education.

Theological Accreditation

VTHTS is a Theologically Accredited Biblical Accountability to OCGM.

VTHTS Approval:

VTHTS supports the Biblical principle of separation of Church and state; Mark.12:17; James 4:4; II Corinthians. 6:14. remaining consistent with Biblical standards and not liberal or secular positions, OCGM has chosen not to seek endorsement by either the EAES or COPA, CHEA etc. which are all governmentally influenced accrediting organizations. OCGM is a rapidly growing and respected network of over 100 schools on the cutting edge of Christ centered Biblical education. "There are accrediting organizations that may not be recognized but are not accreditation mills. For example, the accreditor may be seeking recognition, but the process is not complete. Or the accreditor does not meet the requirements of CHEA or USDE for reasons that do not relate to quality." The following quote from the United States Department of Education. "It should be noted that some institutions have chosen not to participate in the federal student aid program and therefore do not have to be approved by an accrediting agency recognized by the Department. While these institutions do not appear on the Department's list, they may be legitimate schools." This quote from the former executive director of the Association for Biblical Higher Education (an accrediting agency recognized by the United States Department of Education), stated as follows: "There are hundreds of Bible Colleges and Seminaries in the United States and Canada that are offering good solid theological training, yet they are not accredited.

But, will a degree from Victory, be accepted by your Church or place of employment?

While there certainly are some situations when only a degree from a government approved school can qualify one for certain positions and privileges, for the most part, you are judged and accepted based on how you present yourself, not solely by the image represented by the school from which you graduated. Example: Are you already in ministry? If so, when was the last time a member of your church asked you if you had a degree at all, much less if it was from a regionally accredited university, college or seminary?

Ministry and Education:

Your ministry avocation is one of those areas where God's will and plan is more important than anything else. In fact, for those already serving in ministry, a degree from a highly credible though governmentally unrecognized school may be the smartest choice. Especially when you can receive a quality online seminary education for a fraction of the expense associated with regionally accredited schools. We should not forget that, especially in the Christian tradition, academic freedom is considered a cornerstone of religious liberty. Of course, so is academic responsibility! Therefore, any program of study leading to a theological degree should be both Biblically sound, and academically honest. At VTHTS, you can be assured of such integrity with

quality educational materials based soundly on Biblical principles. However, if you are concerned whether your church or place of employment will accept you with a degree earned through a privately accredited school, that is not regionally accredited, then you should simply inquire concerning the same. Remember too, that even with degrees earned from regionally accredited schools; there could be restrictions on what kind of degree is recognized. Always inquire first, since in some cases, denominations and ministries may not accept degrees from secular schools, or schools not affiliated with a specific denomination or organization.

Transfer of Credits:

No college, university or other institute of higher education is obligated to accept transfer credits from any other institution. However, other institutions in transfer have accepted VTHTS credits, but (as with any college, university, seminary or other institution) decisions concerning the acceptance of credits by an institution other than VTHTS, its affiliates and/or branches are at the sole discretion of the receiving institution, and no representation is made concerning the transferability of credits to such institutions.

Students considering continuing their education at another institution should not assume that credits earned at VTHTS, its affiliates and/or branches will be accepted by the receiving institution without inquiring of the registrar of the receiving institution as to that institution's policy concerning the acceptance of such credits.

Students and applicants that have earned credits in other institutions will be evaluated by VTHTS in order to determine whether those credits can be applied to their course requirements in their VTHTS Degree Programs.

Questions Regarding Educational Graduation of VTHTS & GI Bill

Although VTHTS is a theologically accredited school with state authorization to grant religious degrees, because of the fact that the seminary is not a regionally accredited school, VTHTS does not qualify for any government sponsored grants VTHTS or GI Bills.

Frequently Asked Questions

Is Victory Through Holiness Theological Seminary accredited?

Victory Through Holiness Theological Seminary is a member in good standing with The International Association for Christian Educational Accountability, a Worldwide organization for Christian Theological accreditation through evaluation and accountability, with the goal of maintaining the highest educational standards for its' member institutions. IACEA accreditation standards are maintained through ongoing evaluation, compliance and accountability. VTHTS has opted not to be regionally accredited. This means that Victory Through Holiness Theological Seminary is not eligible for student loans, grants VTHTS, or GI Bills.

Are degrees awarded by Victory Through Holiness Theological Seminary recognized?

Degrees awarded by Victory Through Holiness Theological Seminary are legal degrees recognized as religious degrees by the State of Illinois, USA. You are legally entitled to use achieved educational degrees from VTHTS in your resumes, as well as titles of doctor in your name. For the most part, religious bodies accept degrees issued by non-regionally accredited schools, but we would advise that if you are interested in a specific religious organization, that you obtain the educational criteria for ordination by that specific organization.

Am I required to attend any on-campus classes?

No. All of our courses are established as Distant Learning Courses. Once the applicant is enrolled, they will receive through their degree programs including the required reference books in PDF format or multimedia reference. There is no need to view any online classes, or attend any classes in any campus. Once you receive and download your course work, you begin working from your computer and emailing the completed courses.

How long does it take to complete a degree program?

This is solely based on the student's dedication to their studies, the amount of credits transferred from previous schools, life experience credits earned, and required courses left to complete. Degrees are normally established to be completed within 2 years, but in some cases, programs have been completed in less than 1 year.

How long do I have to complete my program?

There are no time limits in your program. You are encouraged to set aside a certain time every week to dedicate to your studies, but at no time will you be rushed through your program if you should decide to take some time off from your studies.

Will Victory Through Holiness Theological Seminary accept credits earned by non-accredited schools or programs?

In most cases, once it is evaluated, we will allow for non-accredited courses to be transferred as long as it is compatible to the course of study necessary for your degree program. We would encourage that you submit all of your studies for consideration.

Can I earn a degree with Victory Through Holiness Theological Seminary by just using life experience?

No. Life experience credits can only account for up to 25% of your required credits in your degree program. VTHTS degrees are earned degrees which will require that course work be submitted and a passing grade given in order to receive a degree from this seminary.

What is the seminary's denominational standing?

Victory Through Holiness Theological Seminary is a non-denominational religious institution. We encourage all denominations to apply for enrollment. Our courses are structured in a way in which a student can complete their research papers from an individual denominational position. You will only be asked to be completely thorough in your paper providing adequate reference work to support your position.

Why does it seem as if the educational programs of Victory Through Holiness Theological Seminary sound too good to be true?

Obviously, this is a very common question among our applicants of VTHTS, and we understand why. Because VTHTS is a Christ-centered religious institution that seeks to prepare men and women for their individual callings, our answer is simple; we are a seminary interested in fulfilling God's calling to provide Christ centered Biblical education for the world at minimal expense. However, we encourage our applicants of VTHTS to seek God's direction through prayer, in the choosing of an educational institution from which to complete their degree programs. Only if God has given you peace and assurance in your decision to enroll with Victory Through Holiness Theological Seminary should you submit an application to enroll. For all who enroll, we truly

believe that each student will receive the benefit of uncompromised, Godly instruction as found only in the Living Word of Jesus Christ.
